The sizing charts reference body measurements.

If you require garment measurements, please contact customer service.

Chest

Under the arms and across the shoulder blades with a firm and level tape.

Hip

When standing, measure around the widest part of the hip.

Sleeve length

Relax arm, and measure from the centre of the back of the neck, over the shoulder and down to the outer wrist.

Waist

Measure around your natural waistline, while in your underwear. Keep one finger between the tape and your body for an accurate fit.

Inseam

Select a pair of your best-fitting pants of a similar material. Measure from the crotch to the bottom. The number of inches, to the nearest half-inch, is the inseam length.

Depth is typically determined by the distance between your ears and the top of your head. In order for a cap or hat to fit comfortably and without excessive wrinkling, it is important for you to first understand what head shape you have.

Pro Fit/Casual Cut:

Ballcap sits close to head and falls well above the ear. This profile is often a good option for smaller heads.

Legend Fit/Classic Cut:

Ballcap sits slightly away from front/top of head and falls just above or on tip of ear.

Original Fit/Urban Cut:

Retro Fit/Traditional Cut:

Ballcap sits away from front/top of head & falls just above or on top of ear. Cut for the average to deep head shape. Deeper than Pro Fit/Casual Cut.
